Kevin,

All changes to the certified site plan must be submitted to MNCPPC for approval. I have Cc'd your MNCPPC reviewer, who is shown in park & planning's online DAIC database.

Kevin,

Hope all is well. The owner is making a small change to the building façade. There is an area at the front of the building that they are planning on painting the brick where their sign sites. They wanted me to check with you to see if there is any revisions or approval they need for their zoning permit.

I can provide you more information if you need. None of the materials are being changed, it is just a section of brick being painting.

Thank

Ok great. You don't have to send the invite. We will set it up in the next few days and get it out. The group will get an invite from me.
